

# BLIND CODING

Organizing Team :

- 1) HARSHAL SRIVASTAVA(B.TECH CSE 3rd YEAR)
- 2) ABHIJITH BALAN(B.TECH CSE 3rd YEAR)
- 3) AKSHAT SRIVASTAVA(B.TECH CSE 3rd YEAR)

# RULES :

- This is an individual event. The compiler provided will be Dev Cpp.
- The candidate can only code in the C programming language.
- Each candidate has to write the code for given problem, with MONITOR OFF.
- In ROUND 1, the candidates will get 1 minute (i.e., 60 seconds) to code with monitor off and then 30 seconds to compile their code with monitor on.
- Participants whose code gets executed will be given higher preference.
- The second preference will be given to code with least number of errors.
- In case of tie in number of errors, TIME of SUBMISSION will be considered.
- If no winner is found, the process will continue until one or more candidates complete the code.
- The winners of ROUND 1 will enter into the ROUND 2 where the level of programming will increase.
- In ROUND 2, the candidates will get 2 minutes (i.e., 120 seconds) to code with monitor off and then 30 seconds to compile their code with monitor on.
- The ROUNDS will continue recursively until and unless we get the desired winners of the event.
